TREND SETTER

Give your living room an uplift with impressionable furniture from the Bastion Living Room Collection by Visionnaire. The collection boasts sophisticated seating sets and a spectacular Jabba chandelier and wall lamps. The sensational Equinox Bar console with a magnificent green onyx front, combined with an alluring 'pearl black' lacquered wooden top is show stealer. (visionnaire-home.com)

Cirque in Grey
von Zweigbergk's Cirque pendant brings to life von Zweigbergk's vision of spinning objects whose details blur into horizontal bands of colours as they pick up speed. Now von Zweigbergk and Louis Podesen are unveiling another side of the multi-faceted pendant, opting for Scandinavian palette of soft grey hues that further accentuate Cirque's distinctive shape and highlight the interplay of shadow and light on the pendant's soft contours. Available in colour and size combinations at ALC Lights | Brightlighting.com

CLINCH THE LOOK

Add a dash of romance to your patio with this French style 1900 Cabriolet arm chair and the round bistro Floreal perforated table by Fermob. Light to carry and pretty to look at, we are betting on these this month. Price on request, available at World Bazaar. (worldbazaarindia.com)

EYE CANDY

Tap your inner rock star with these snazzy shades from Fendi. The new Tropical Shine sunglasses celebrate the distinctive Fendi style of material combinations, while the geometric temples in metal recall the iconic Iridia design. (fendi.com)
